Software Development Team Contract

SENG 300 - Introduction to Software Engineering
University of Calgary
Project Manager/Overseer: Rishabh Agarwal and Sam Safe
Date: [28-10-2024]

1. Purpose

This contract aims to establish a clear framework for effective collaboration, accountability, and communication among team members, ensuring timely and high-quality completion of the project.

2. Team Roles & Responsibilities

2.1 Project Manager/Overseer

- **Leadership & Oversight**: Provide guidance, delegate tasks, and oversee project progress.
- **Timeline Management**: Ensure adherence to deadlines and timely submission of deliverables.
- **Help members and team leads**: Make regular commits to fix code and documentation and help the members and team leads if there is some problem in code/documentation/testing/integration/frontend/backend/network, etc.
- **Conflict Resolution**: Mediate disagreements and foster a collaborative team environment.
- **Meeting Coordination**: Schedule and lead regular team meetings, set agendas, and follow up on action items.

2.2 Team Leads

- **Leadership**: Provide guidance to members and hold meetings, delegate tasks, and oversee integration.
- **Timeline Management**: Ensure adherence to deadlines and timely sub
- **Meeting Coordination**: Schedule and lead regular sub team meetings, set agendas, and follow up on action items.
- **Meet with Project Overseer**: Discuss problems and integration methods. Resolve problems and brainstorm solutions
- **Advise Project Manager**: Give proper feedback and help the project manager if there is something that was missed

2.3 Team Members

Each team member will assume specific technical roles (e.g., Backend Developer, Frontend Developer, Testers, Test Writers) and is expected to: - **Deliver Assigned Tasks**: Complete tasks as assigned, adhering to quality standards. - **Collaborate Proactively**: Share updates, assist others, and actively engage in group discussions. - **Attend Meetings**: Participate in all scheduled meetings and communicate conflicts in advance. - **Provide Feedback**: Contribute constructive feedback to peers and accept feedback professionally.

3. Meeting Protocols

- **Frequency**: Weekly meetings via [platform, e.g., Zoom or in-person].
- **Attendance**: Required unless a valid reason is communicated at least 24 hours in advance.
- **Preparation**: Review agenda and come prepared to discuss current tasks and challenges.
- **Minutes**: The designated team member records and shares minutes post-meeting.

4. Communication Standards

- **Primary Channels**: [Discord] for daily communication; all official updates will be shared in [Discord Channels].
- **Response Time**: Team members must respond within 24 hours to project-related messages.
- **Professionalism**: All communication should be respectful, concise, and relevant to the project.

5. Code and Documentation Standards

- **Version Control**: Use [GitLab] with a strict policy for branch management and merging.
- **Code Review**: Every PR (Pull Request) must be reviewed by at least one team member before merging.
- **Documentation**: All code must include clear comments and each module must have corresponding documentation.

6. Conflict Resolution

- **Initial Resolution**: Team members are encouraged to resolve conflicts respectfully among themselves.
- **Escalation**: If unresolved, the issue should be brought to the Project Manager/Overseer, who will mediate a solution.
- **Reporting Concerns**: Any team member may approach the Project Manager with confidential concerns without fear of retaliation.

7. Accountability and Consequences

- **Quality Standards**: Work not meeting project standards must be revised by the team leader before submission.
- **Remarks in Peer Review**: In extreme cases, the members will write about the poor performance.
- **Accountability Table:**

Name	Adjustment	Reason
Alpha	0	Consistently met deadlines and team expectations.
Beta	-1	Low Contribution. No inputs.
Gamma	-9	No Response and No contact.

8. Acknowledgment

By signing below, each team member agrees to the terms outlined above and commits to active, respectful, and professional collaboration.
